

ADA Solution For Existing Anchors

Independently verified to be ADA Compliant, The Scout™ is designed to be used in retro-fit applications.

If your facility needs to become ADA compliant and you already have an existing 6" deep anchor, then The Scout™ is your solution. The Scout™ eliminates the need for anchor installation by utilizing almost any existing 1.9" I.D. x 6" deep anchor. Also available are adapter sleeves to accommodate larger and deeper diameter anchors.

Scout™ Lift Features:

- 350 lb (159 kg) weight capacity*
- Set back range 12" to 36" (30 to 91 cm)
- Clears walls up to 6" high
- New Hi-Lift option clears walls up to 24" high, 20" wide
- Can be adapted to most existing 6" deep anchors
- 360 degree powered rotation either direction

Standard Aqua Creek Features:

- Powdercoated stainless steel construction
- Rechargeable battery operation includes battery charger
- Submergible 4 button remote
- Dual flip-up arms & adjustable belt
- Limited lifetime structural warranty
- Five year pro-rated electronics warranty
